TASTING NOTE

Kisumé is the ideal and healthy alternative to celebrate without limits. Elegant, refined and festive, this 0% sparkling rosé boasts gentle strawberry flavours with aromatic floral notes, and a fine mousse.

VITICULTURE

Sustainably farmed in the Languedoc by Aubert & Matthieu.

VINIFICATION

The base wine is dealcoholized using a vacuum distillation process, where holding the wine in a vacuum lowers the boiling point of alcohol so it can be evaporated away without damaging the delicate flavours of the wine. Grape juice and natural aromas are then added.

FOOD MATCHING

Perfect as an aperitif or for celebratory occasions, this would even work with light, fruit-based desserts.
