TASTING NOTE

Stone fruits, jasmine, and white blossom aromas lead into a rich, velvety palate with juicy orchard fruit and white peach.

VITICULTURE

Famille d'Exéa selects region-specific grapes for minimal intervention in biodiversity. Their Viognier is organically grown on diverse soils, influenced by the Mediterranean and Tramontane winds. Water usage is reduced with a new reprocessing station in progress.

VINIFICATION

Sustainability continues in the winery, with investment in equipment with lower energy usage and a study into solar energy to replace power supply. The Viognier is gently pressed, sorted for the finest quality, and fermented at cooler temperatures to retain fruit freshness. All the grapes are hand harvested.
