VINEYARD

From the oldest vineyard on the eponymous estate in Monforte d'Alba. The soil is typically Helvetian, with older formations. It consists of clayey, calcareous marl with a slightly grayish hue, alternating with siliceous sandstone. In some areas, the presence of calcium carbonate and iron lends a warmer color and a slight pinkish hue.

VITICULTURE

Nebbiolo from clones of Michet and Lampia grown at an altitude of approximately 400m above sea level.

VINIFICATION

At least 2 years in small, lightly toasted French oak barrels and approximately 1 year in bottle.

FOOD MATCHING

Furred game, braised meats, or otherwise very flavorful red meat dishes. Mature cheeses.
