Cockburn's

Ruby

RED FORTIFIED WINE | PORTUGAL | DOURO

TASTING NOTE

An everyday Port, vibrant and fruity, full of redcurrants, blackcurrants and finishing on a charming waft of spice.

VINIFICATION

We blend several young wines from a few different years to give our Fine Ruby the richness and the fresh fruit that you would expect of a zesty young Port. It is then matured for a few years in large vats, which gives it both its lovely softness and its ripe red fruits flavours. It also keeps the intense, deep purple colour of a nice and bright young Port.

FOOD MATCHING

Pairs flawlessly with cheeses or chocolate cake. Once opened, it remains fresh for up to six weeks, allowing ample enjoyment. Cockburn's Fine Ruby Port suits a multitude of occasions. Serve slightly cool or at room temperature in a generous glass.
