TASTING NOTE

Pinot Grigio from Italy's far north, with a lightly floral bouquet and an unusually rich, concentrated mouth, all pineapple and ripe melon with a whiff of herbs.

VITICULTURE

Vineyards at altitudes between 350 and 400 metres, sites especially suitable for Pinot Grigio. Soils are gravely and sandy with a high calcium carbonate content. The microclimate is cool with strong contrasts between day and night time temperatures.

VINIFICATION

Gentle pressing followed by temperature-controlled fermentation in stainless steel tanks to preserve fresh, aromatic fruit integrity, with the wine subsequently maturing briefly on its fine lees to add texture and depth.

FOOD MATCHING

Better as an aperitif on a warm day or best suited to light dishes such as salads and light fish dishes. A few accompaniments would be: green salad with asparagus, oranges and red onion.
