TASTING NOTE

High altitude Pinot Noir, perfumed with cherries and damsons, overseen by a scented waft of cinnamon.

VITICULTURE

Vineyards at an altitude of 350 - 450 metres a.s.l.; soils are volcanic with an overlay of morainal deposits. The climate is cool with striking differences between day and night time temperatures. Yieliding 45 hl/ha

VINIFICATION

The grapes are destemmed, softly pressed and briefly cold-macerated; the fermentation occurs at a constantly controlled temperature of 25° C for 14 days. The young wine then refines into casks – 2/3 in large 35 hl casks and 1/3 in barriques – where it goes through malolactic fermentation and remains for 12 months before bottling.

FOOD MATCHING

A wonderful pairing with delicately flavoured starters, charcuterie, veal escallops in ginger sauce, roast partridge, seared duck with plum glaze.
