TASTING NOTE

Intense aromas of ripe citrus and tropical fruit that lead to a fresh palate with medium body.

VINIFICATION

The grapes were destemmed and pressed gently to avoid extracting bitter phenols. The juice was left to settle and then put into stainless steel vats where the alcoholic fermentation took place with natural yeasts at temperatures ranging between 14-16°C. Malolactic fermentation was blocked and the wine aged over its fine lees for 6 months.

FOOD MATCHING

Fresh garden salads, various types of seafood and light cheeses, or simply as a summer aperitif on the terrace.
