East London Liquor Company

Vodka

LONDON

VODKA

GREAT BRITAIN

TASTING NOTE

We'll spare you this vodka's life story, because its best days are now in your hands. You won't find us banging on about fields of wheat, the fancy still, or the person who made it. Well, not on here at least. Just know that this is your vodka. Smooth in taste and bold in spirit, it can handle whatever you throw at it
