The entry is dynamic, playing on the contrast between the lively character of Sangiovese and the softness of Merlot. The tannins of Sangiovese are present yet never aggressive, made more velvety and rounded by the Merlot component.

VINEYARD

From the estate Aquilaia dei Barbi, property of Fattoria dei Barbi in the district of Scansano, which are classified for the production of Morellino di Scansano.

VINIFICATION

Once crushed and destemmed the grapes ferment in vat at an average temperature of 26°C for 12-13 days

FOOD MATCHING

Ideal with roasted meats, wild boar casserole typical of the local cuisine, cured meats and mature cheeses. Also a very good match for spiced fish soups and any kind of fish dish in which tomatoes are included.
