JAMAICA

SUITABLE FOR VEGANS

TASTING NOTE

The Barbadian influence is evident on the nose while the Foursquare DNA pushes up to taste. Banana and fresh pineapple - with that freshness lasting through on the finish. Richard Seale, 4th Generation owner of R.L. Seale & Co. is at the helm as master distiller, a legend in the rum world. Located on a former sugar plantation that dates back to approximately 1720, in Saint Philip Barbados, the distillery was re-opened by the Seale family in 1996.
