# The FMC Chenin Blanc 2025

WHITE  
STILL WINE

SOUTH AFRICA

STELLENBOSCH

## TASTING NOTE

Rich and layered with dried apricot, vanilla and honey, this iconic Stellenbosch Chenin Blanc is crafted from a careful selection of up to 10 harvests through the same vineyard, picking bunches at their peak. Naturally fermented in French oak (around 50% new) and aged for a year on the lees, it is full bodied and textured with a long, bright finish. Will gain additional complexity with cellaring.

## VINEYARD

Sourced from a single Stellenbosch vineyard of bush vines planted in 1970, grown on Clovelly soils with a south-south-west aspect. Low yields and the age of the vines concentrate flavour and intensity in every bunch.

## VITICULTURE

100% Chenin Blanc from bush vines planted in 1970 on Clovelly soils in Stellenbosch, oriented south-south-west. Low yields and multiple selective passes through the vineyard ensure only the finest fruit makes the final blend.

SIZE	75cl
VINTAGE	2025
ABV	13%
GRAPE VARIETIES	Chenin Blanc (100%)
CLOSURE	Screw cap
SKU CODE	73456125
EXPRESSION	White, Generous, and Intense
