RED STILL WINE

FRANCE

LANGUEDOC-
ROUSSILLON

SUITABLE
FOR VEGANS

TASTING NOTE

Bright ruby red in colour. Lovely red fruits such as redcurrant and blackberry, with a hint of liquorice on the nose. The palate is smooth, round, full-bodied and fruit-forward.

VITICULTURE

France, known for viticulture and culinary art, inspires a perfect dinner with accomplished wine. Grenache and Carignan grapes, selected from dry, warm areas, thrive in a warm climate. Ripe, balanced, and healthy, they create a wine that complements the French "art de vivre" lifestyle and culinary highlights.

VINIFICATION

Optimally ripe grapes undergo destemming, divided into two parts. One undergoes modern hot skin contact maceration, enhancing aromatic qualities in stainless steel. The other, traditionally fermented with skins for about ten days, adds structure. The final blend results in a youthful and easy-to-drink wine.

FOOD MATCHING

Serve with pepperoni pizza, grilled meat, spaghetti bolognese or soft cheeses.
