# Chardonnay Costa & Pampa 2023

WHITE  
STILL WINE

ARGENTINA

MAR DEL PLATA

SUITABLE  
FOR VEGANS

## TASTING NOTE

Elegant Chardonnay from Argentina, tangy with green apples and citrus but warmed by the scent of toasted nuts and brioche.

## VITICULTURE

The vineyards are located in Chapadmalal, Mar del Plata, Province of Buenos Aires. Vines are planted on clay loam soil, with petrocalcic horizon at 70 cm depth. The winery location is 6 kilometers from the sea, where the particular climate of the coast makes this land a unique place for the development of wines with marked oceanic influence.

## VINIFICATION

Grapes hand-harvested in the morning undergo cold skin maceration for 24 hours, pneumatic pressing, and age in French oak barrels for 7 months. After clarification, stabilization, and filtration, the wine is bottled.

## FOOD MATCHING

Ideal with ceviche, lobster or fruits de mer.
