VIN DE FRANCE

TASTING NOTE

Salmon-pink in colour, the nose initially displays notes of cherry followed by plum and apricot. The palate shows cherry, blackcurrant and apricot, with honey and brioche on the finish

VITICULTURE

Grapes are hand harvest during the day before being transferred to the winery.

VINIFICATION

Fermentation takes place at carefully controlled temperatures. The wine undergoes malolactic fermentation to round out the natural acidity, before being allowed to develop in bottle in the underground cellars of the Champagne House.
