

Vignerons des Terres Secrètes

# Pouilly-Fuissé Les Préludes 2021

WHITE  
STILL WINE

FRANCE

BURGUNDY

SUITABLE  
FOR VEGANS

## TASTING NOTE

A bouquet of white flowers and citrus, warm notes of hazelnut, almond and vanilla becoming more prominent with age...this Burgundy is an aromatic treat.

## VITICULTURE

The vines are planted exclusively on hillsides, at the foot of the Solutré and Vergisson Rocks. The soils are on a diversity of bedrock, the main one being limestone, with exposures differing according to the patchwork of plots.

## VINIFICATION

Pneumatic pressing is used to enhance smoothness, temperature-controlled fermentation, analytical monitoring of the vats and strict requirements for the quality of the barrel wood : Pouilly-Fuissé is made with the greatest of care and stringent selection of the vat contents.
