TASTING NOTE

A refreshing, delicate and dry wine from Japan's distinctive Koshu grapes. Very pale in colour, lively acidity well balanced with the fruit characters of green apple, which comes through towards the finish. The main characteristics of this wine, the Japanese citrus notes of "Kabosu" and "Yasu", fully express the distinctive character of the Koshu grape.

VINIFICATION

Grapes are sourced from various vineyards in this alluvial soil region and 100% enamel fermented.

FOOD MATCHING

This wine is a perfect pairing for the distinctive seasonal flavours of Japanese cuisine such as Sushi or Tempura.
